

QUALITY POLICY

MMRisk is committed to providing Industrial Process Risk and Safety consulting services of the highest quality. We are committed to taking significant market share in the South African Process Risk and Safety industry, becoming a market leader and growing to be a global business.

We commit to performing work impartially, continually improving the Quality Management system and are committed to fulfilling all regulatory requirements in our pursuit to be recognised as the best and shall ensure the following in our pursuit of our quest:

- **Honest:** We shall be honest in our dealings with all stakeholders;
- **Insightful:** We shall be insightful when providing opinions, doing so with the highest regard for context;
- **Responsive:** We shall be responsive to requests from Clients and provide a “Drop Everything” perception for our Clients;
- **Delivering Well:** We shall deliver all work well.
